

NovaSat[®] Mop Charging System

The NovaSat[™] charging system is expertly designed for quick and efficient mop pre-saturation with simultaneous reduction and reclamation of excess liquid in one compact device. With two size options, the system can be used for either room cleaning (16-inch, 40 cm width) or hood cleaning (9-inch, 26 cm width). The lightweight and versatile charging tray is designed for multiple configurations in small space cleaning.

Use with the Slim-T Bucket and Modular Cart (NSMC-16) or BucketBinder[™] System (NSBB-16) for mobile cleaning.
