

SealTech™ Resealable Device Pouch™

SealTech™ Resealable Device Pouches are constructed from the same durable nylon/LDPE laminate used in Micronova® BucketLiners™, featuring a secure zip-locking resealable closure. Designed to fit smartphones, tablets, and laptops, SealTech protects electronic devices while supporting clean and critical production environments. The pouch is easy to clean and provides a reliable safety barrier for use in controlled settings, protecting both the environment and the technology inside.

Features:

- Touch sensitive, even with gloves
- Reduces cross contamination
- Time saver, real-time data accuracy/ contemporaneous data.
- Making technological solutions available in cleanroom environments.
- Recyclable
